INTRODUCING

rnetwork

r network, is the last network you will ever have to build!

www.rnetwork.io

Now a duplicate where you can get all the data on revvcard and rNetwork. See below the link that has a PDF file with links. Keep in mind, these were current the beginning of this week. After trying to get these new rNetwork files and not finding them or having to ask over and over to have them sent to me, I corraled them into one file called rNetwork.pdf. Just like a cowboy. You can take these filed, change them with your picture and information. Make sure you send them to compliance@rnetwork.io before you distribute them. It is a banking regulation.
